Government Code Section 6250 et seq.

Members of the public may request to inspect or copy public records. A request by a member of the public may be delivered by mail, email, or in person to the Vice President of Administrative Services (VPAS).

Any request shall identify with reasonable specificity the records that are sought. If additional information is needed, the VPAS may request it be provided in writing.

Any request to inspect records shall be made sufficiently in advance of the date of inspection to allow staff members time to assemble the records and identify any records that may be exempt from disclosure.

Records that are exempt from disclosure under the Public Records Act or any other provision of law may not be inspected or copied by members of the public. Social security numbers must be redacted from records before they are disclosed to the public.

Members of the public shall be assisted in identifying records or information that may respond to their request. Assistance that will be provided includes: the information technology and physical location in which the records exist; practical suggestions for overcoming denial of access to the records or information; and the estimated date and time when the records will be made available.

Within ten days, the VPAS will determine whether the records can be produced and will communicate the determination to the member of the public requesting the records.
